

REMARKS

This Amendment is made to the final Office Action dated August 3, 2007. Claims 1-20 are pending in this application. By this Amendment, claim 1 has been amended to include the recitations of claim 6. Previously, the Examiner indicated that claim 6 would be allowable if rewritten in independent form to include all of the limitations of the base claim and any intervening claims. Accordingly, in view of the amendment to claim 1, all of the pending claims are now in a condition for allowance.

Applicants again thank the Examiner for indicating that claims 7-20 are allowed and that claims 2 and 4-6 would be allowable if rewritten in independent form to include all of the limitations of the base claims and any intervening claims.

Claims 1 and 3 were rejected under 35 U.S.C. 102 (b) as being anticipated by U.S. Patent No. 5,730,725 to Yoon (the "Yoon patent"). Applicants, however, strongly disagree with the Examiner's interpretation of the Yoon patent. However, in order to expedite allowance of this application, Applicants have amended claim 1 to include the recitations of claim 6. Applicants reserve the right to pursue the previously pending and similar claims in a related application to be filed at a later date.

In view of the foregoing, it is respectively urged that all of the present claims of the application are patentable and in a condition for allowance. The undersigned attorney can be reached at 310-824-5555 to facilitate prosecution of this application, if necessary.

In light of the above amendments and remarks, Applicants respectfully request that a timely Notice of Allowance be issued in this case. The Commissioner is hereby

authorized, however, to charge any additional fees which may be required, or credit any overpayment, to Deposit Account No. 06-2425.

Respectfully submitted,
